## OBJECTIVE:

Motivated Electronics and Communication Engineering student with strong analytical and problem solving skills. Seeking a prestigious technical role to leverage my technical background, communication abilities, and passion for driving my career growth. Seeking to apply my knowledge in a challenging role that offers opportunities for growth and learning. Eager to contribute to innovative projects while enhancing my expertise in the field of technology. I want to be part of your incredible growth journey and I would be able to add value.

---

## EDUCATION:

### **Bachelor of Technology**

August 2020 - June 2024

Annamacharya Institute of Technology and Science, Hyderabad.

- Specialization in Electronic & Communication Engineering (ECE).

### **Intermediate**

June 2018 - April 2020

Sri Vivekananda Junior College, RangaReddy.

- Specialization in MPC.

### **SSC**

June 2017 - April 2018

ZPHS, Kondakal, RangaReddy.

---

## PROJECT:

### **1. Voice activated home automation by using node MCU**

- Used to control Electronic home appliances such as fans, lights and mobile charging by using voice commands given through google assistance application.

### **2. Women safety device by using GSM and GPS**

- Used to communicate via messages and track live location respectively. When a button is pressed the live location is sent to pre-defined mobile numbers using GPS and GSM and that location can be tracked by using google maps or other mobile tracking applications.
- 

## TECHNICAL SKILLS:

- **Programming Languages :** Core Java, Collections, JDBC, Servlets
  - **Databases :** MySQL
  - **Web Technologies :** HTML, CSS
- 

## SOFT SKILLS:

- Time Management
- Problem Solving
- Communication
- Quick Learner
- Adaptability

## HOBBIES:

- Playing Cricket
- Painting

## LANGUAGES:

- English
- Telugu
- Hindi
